Patio Doors

1.800.SIMONTON | SIMONTON.COM

Bringing the outdoors in.

Step 1 Select Your Door Type.

Which door is right for you?

No single door is right for every home. That's why Simonton offers two door styles, so you're sure to find the door that will suit the architecture of your home perfectly.

CONTEMPORARY PATIO DOOR

The Contemporary Patio Door boasts a sleek, streamlined profile. The broad expanse of glass afforded by the narrow framed panel results in larger sightlines for a clean, unobstructed view.

FEATURES

- 2-, 3- and 4-lite panel configurations available
- Expansive sightlines provide more viewable area
- Smooth gliding panel(s)
- Multi-point locking system secures the door with one operation

FRENCH SLIDING PATIO DOOR

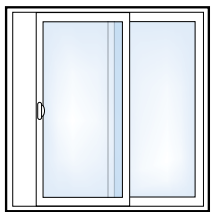
The French Sliding Patio Door features a wide stile and rail design that provides the elegant look of a French Rail hinged patio door with the space-saving operation of a sliding patio door.

FEATURES

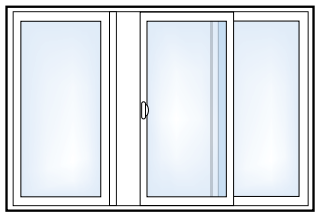
- 2-, 3- and 4-lite panel configurations available
- Wide stile and rail for that Classic French look
- Smooth gliding panel(s)
- Multi-point locking system secures the door with one operation

Step 2 Choose Your Operating Style.

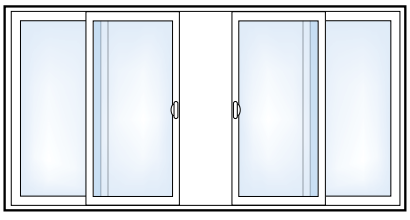
Simonton Contemporary and French Sliding Patio Doors are available in 2-, 3- and 4-panel configurations.



▲ **2 Panel**
Either panel can be active



▲ **3 Panel**
Active center panel can open left or right.



▲ **4 Panel**
Both center panels are active

Step 3 Create a Custom Look.

Decorum® BY SIMONTON

Imagine The Possibilities.

Specialty Glass Options

Choose from distinctive glass patterns that add unique style to glass that helps provide maximum energy efficiency, increase privacy, security and sound reduction.

PROSOLAR® GLASS

ProSolar Low E glass reduces temperature transfer to help lower energy costs and keep your home comfortable all year long.

PROSOLAR® SHADE GLASS

ProSolar Shade is an advanced, spectrally select Low E glass that offers the ultimate in solar heat control, fading protection, visibility and energy savings. It is the perfect choice for homes located in warmer climates like California.

Simonton Patio Doors can be ordered to meet ENERGY STAR® guidelines in all climate zones.

SUPERCEPT™ SPACER

The optional Supercept™ spacer features a U-channel design and is made of stainless steel alloy for better thermal performance and increased strength.
